Dan:

Subject: Contract HF-32-27

Attached please find two (2) copies of our revised final claim on the subject contract, together with credit memos indicating the reduction in the claim. This claim is based on the following:

1. Final negotiations of both cost and fee with Hycon.
2. Revision of our overhead and G & A rates to agree with those negotiated with the Air Force for the periods involved.
3. A transfer of a mischarge from this contract to the proper contract.
4. Our fee claim has been reduced , which is based on the information we gave you during your visit on June 7 and our subsequent 'phone conversation.

We hope to be able to supply you with a final residual inventory prior to the end of August. This will take into account such transfers as have been made to other of your contracts.
